

# MACHINERY

## Safety is Power **Anti-Vibration** **Hexagon Nut | Bearing Nut | Set Screw**

### 【MAIN APPLICATIONS】

- Cement Mill (Liner Stopper)
- Concrete Mixer (Decelerator)
- Power Cylinder (Drive Shaft Stopper)
- Excavator (Drill Drive Shaft Stopper)
- Rock Drilling Machine (Hydraulic Breaker Stopper)
- Agitator (Impeller Stopper)
- Large Hydraulic Press (Cylinder Unit, Etc.)
- Compressor (Axis Stopper)

- Pump (Impeller Stopper)
- Tapping Machine (Ball Screw)
- Injection Molding Machine
- Steel Making Machinery (Straightening Roll Stopper)
- Conveyor Rollers
- Industrial Robot Arm Portion
- Die-casting Machine (Core Pin Stopper) Etc.

Excavator

Hydraulic Breaker Tie Rod Stopper

Robot

**Smallest parts that require highest reliability**

All Grades & Surface Treatment

Bore  $\varnothing 5 \sim \varnothing 130.0\text{mm}$

Cement Mill

Injection Molding Machine

Steel Making Machinery (Straightening Roll Stopper)

Compressor

Pump

Impeller Stopper

**HARDLOCK**

**MADE IN JAPAN | Since 1974**
